INTERSHIP

Shopify Developer (Mar/2024 - April/2024)

During my internship at Digital10X, I gained hands-on experience in Shopify store development, including theme customization, app integration, and store optimization. I assisted in designing and building custom sections in Shopify themes using Liquid, HTML, and CSS, while ensuring responsive design and seamless functionality. I worked closely with team members to troubleshoot technical issues, optimize store performance, and enhance the overall user experience for e-commerce websites.
